**Kelowna Chamber Of Commerce**

I am taking the time to write this recommendation letter, as I believe it is well deserved.

Fred Sarkari first spoke for us at a Kelowna Chamber event with our members and we received some of the best feedback we have received from a speaker. His presentation style is engaging and humorous. He made people think in ways they never thought of, and provided specific tools for people to take away.

In February 2010, we recruited Fred as a dynamic speaker for our 2010 Presidents Dinner. His insightful message about the importance of building and supporting our community as individuals was well received by the business audience in attendance.

I later recommended Fred as a speaker at our British Columbia Chamber Executive (BCCE) conference. Fred spoke at the beginning of the 3-day session; his presentation on Personalities was a topic of conversation throughout the entire conference. To this day I still use skills provided by Fred in my day-to-day dealings with people; I highly recommend this session for every organization as it provides insights on communicating with people internally and externally of the organization.

I will be hiring Fred again to do some work for the Kelowna Chamber and our staff during the upcoming year. I would recommend Fred for any conference you are having; he will leave an impact that will last with all your attendees and at the same time make you as the organizer look great.

Feel free to contact me at anytime if you need to speak to me directly.

Sincerely,

Weldon LeBlancWeldon LeBlanc, CEO
